

## **BABYCARE & BREASTFEEDING**

### **Bambi Accredited Venue**

We have achieved the Breastfeeding Mayoral Quality Mark from Liverpool Bambis. As a venue we welcome babies to be breastfed in any area of these premises and aim to provide a comfortable and safe environment for this to take place.

We understand that some people prefer privacy when breastfeeding and a room will be allocated on request to allow our visitors to breastfeed in private. Please find more information on Bambis accredited venues at <https://www.liverpoolbambis.co.uk/>

### **Creche/Nursery**

Although we don't have a creche onsite, we would highly recommend, [Nipperbout Event Childcare](#), who enable parents to leave their children with expert 'Purple People' so they are free to focus on your event. Nipperbout have been used and recommended by our clients.
